

♥♥ Love & Loss ♥♥ Remembering Heath Richard

A celestial smile, that boyish glint in his eye, and a heart that welcomed everyone fortunate enough to know him. These are the hallmarks of Heath Richard, the beloved BelloGent who tragically passed away on January 18th, 2025.

Devastated is an understatement. We will miss Heath's aw-shucks humility, angelic tenor voice, and charismatic camaraderie. During his five year tenure with A Cabbello, Heath sang solos that simultaneously raised the roof and brought the house down. As board president, he infused inspiration and light into everything we accomplished together. And as a friend, Heath was the warm embrace we always needed, the helping hand we always sought, and the shoulder on which we could lean or cry.

Heath Richard is the very person we need right now as we mourn. His absence is beyond heartbreaking.

Let's gather to commemorate a legacy beyond his years and share a love of music, merriment and memories. Heath often sang karaoke at The Roost Lounge, so it's a fitting venue for us to keep his voice reverberating in our minds and in our hearts. Details are as follows:

As leaders, we strive to console our membership during strange, sad times like these. But sometimes, simple sentiments fail us. Heath's loss has traumatized A Cabbello as well as the greater Coachella community, but it has also reminded us to adhere to a few Heath-isms. *We must love unabashedly, live for today, and cherish tomorrow.*

In this month that is synonymous with romance, we give our hearts to you. They may be wounded, but they still beat. They may be broken, but they still feel. They may seem lost, but they will find a way to carry on.

We love you, Heath. We love you, dear friends.
